**AVHQ Show Solutions™ Distinguished with "Best Staging Award" from
Rental and Staging Systems Magazine**

Norcross, GA, June 11, 2003...AVHQ Show Solutions, a leading provider of staged events for corporations, was honored at InfoComm 2003 with the "Best Staging Award" by Rental and Staging Systems Magazine. The award, presented for AVHQ Show Solutions' work on the Imagination USA's production of Ford Motor Company's Dealers' Meeting, was announced at Infocomm 2003 in Orlando, FL.

An independent panel of judges, including members of the ICIA Rental and Staging Council and editorial staff of Rental & Staging Systems magazine, selected the recipients for the best-staged events of the year. AVHQ Show Solutions was presented an award for "Best Staging for a Corporate or Association Event, Large Venue."

"We are honored to be named by a panel of highly respected authorities in the Rental and Staging market," said Augie Dellapi, senior vice president of AVHQ Show Solutions. "AVHQ Show Solutions is committed to providing unique and creative solutions for the staging market."

Last fall, Show Solutions provided an elaborate video facility for the Imagination USA project. This video facility was able to produce blended images that spanned 187 feet. The Ford dealers attending these meetings viewed the largest continuous single image ever produced. The theater experience was created by blending 32 video projectors (Christie Digital X6) together to create a single, seamless image.

"This project demonstrates how AVHQ Show Solutions exceeds the boundaries of innovative meeting technology. Being able to design systems and

solutions for events of this size don't come along everyday," said Dellapi. "We are very proud to have played a key role in this exciting project. To then be recognized for it by the industry, is icing on the cake".

About AVHQ Show Solutions
